

getDesFraisHorsForfait

creationFraisHorsForfait

```
graph LR; A[creationFraisHorsForfait] --> B[getDesFraisHorsForfait]
```

The diagram illustrates a dependency between two components. A box on the right, labeled 'creationFraisHorsForfait', has a blue arrow pointing to a box on the left, labeled 'getDesFraisHorsForfait'. The 'getDesFraisHorsForfait' box is shaded gray, while the 'creationFraisHorsForfait' box is white. Both boxes have a black border.
